About Us:

We are the place that every child wants to be at.

In January 2015, SGM OSHC was invited by QCAN, an organisation that promotes connectedness and professionalism in school aged care, to produce an 8-minute long class movie.

The movie showcases the creativity and imagination of our children who are immersed in an environment that encourages them to explore, play and learn.

Our children and our families are supported by a team of dedicated educators, some who have worked at the service for 10 years or more.
