About Us:

Your Catholic childcare centre, with integrated kindergarten, has been blessed with a wonderful location. It is nestled within the slope of a little hill, tucked away from the busyness of the street and covered in native trees and grasses that form a lush, natural backdrop to the centre. There is a basketball court to the left, cane fields to the right, and a large grassed field right out the front. What more could you ask for?

The centre will become your home away from home for an extended family of 8 infants, 8 junior toddlers, 15 junior kindy children and 2 rooms of 22 kindergarteners - open for 50 weeks of the year, from 7am until 6pm.

"What's for lunch today?" will be a question asked by many, when the aromas from the kitchen waft through the garden into the rooms. Healthy, nutritious meals will be prepared by our Cook, Zanthie, and served to the Kids; children chatting and sharing a meal with their Educators.

The infant and toddler rooms have large observation windows, so if you're finding it difficult to leave your little ones, you can escape into the sound proof room and watch through smoky grey windows. If the little ones get up close enough, they may just be able to press their little faces up against the glass to see you.

The kindy kids have their own art studio and a special spot for busy clay workers will be set up on the large, wide verandah. Our outdoor program is just as important to us as our indoor program, therefore our landscape designer has designed an irresistible play space. Our Teachers and Educators offer a wealth of experience and are warm and friendly.
