Our purpose built spacious room provides a relaxed and comfortable space for children.

We involve the wider community to participate within our service on numerous occasions, teaching our children the importance of connectedness.

Quality Care begins with Quality Staff who are dedicated to providing a safe, fun and stimulating environment in which your child will learn through play. All staff within the service hold the relevant qualifications along with a current First Aid & CPR Certificate and a Positive Sustainability Card (Blue Card). We are continually encouraging and providing our staff with opportunities to advance in study and Professional Development Courses to further their knowledge in the industry. Together we aim to create a fun & flexible high quality service.

Our team strives to make you and your child feel comfortable within our service. We welcome discussion and feedback from your families. If you require additional information regarding the service, please do not hesitate to contact the service Nominated Supervisor.
